H Window Products with Custom Glass Options:

Note that H Window Products with custom glass options not listed above may still qualify for the ARRA requirements. Please contact H window Company or your distributor for information regarding custom glass options.

For H Window product purchases made from January 1, 2009 to May 31, 2009:

IRS guidelines for purchases prior to June 1, 2009 allowed ENERGY STAR® qualified products to be eligible for the Federal Tax Credit. All standard H Window products with standard glass purchased from January 1, 2009 to May 31, 2009 met the ENERGY STAR® requirements for all climate zones at that time.

This information is not intended as legal advice and it is recommended that the purchaser consults with the IRS or their own tax advisor to determine whether they qualify for the tax credit. H Window Company disclaims any liability or responsibility regarding the purchaser's ability to obtain tax credit. H Window Company strives to provide accurate information but disclaims any liability for typographical errors on these pages or it's web site.
