

SIMPLY BEAUTIFUL
SIMPLY REVOLUTIONARY
SIMPLY H WINDOW

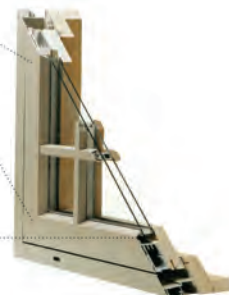

H Windows are built to last a lifetime. They are also built to be extremely energy efficient and can save you money on your utility bill.

- Vast array of cutting edge 2 and 3 pane glass technology.
- Composite aluminum/wood frame and sash for durability, stability and thermal performance.
- Thermal tape for thermal/moisture barrier.

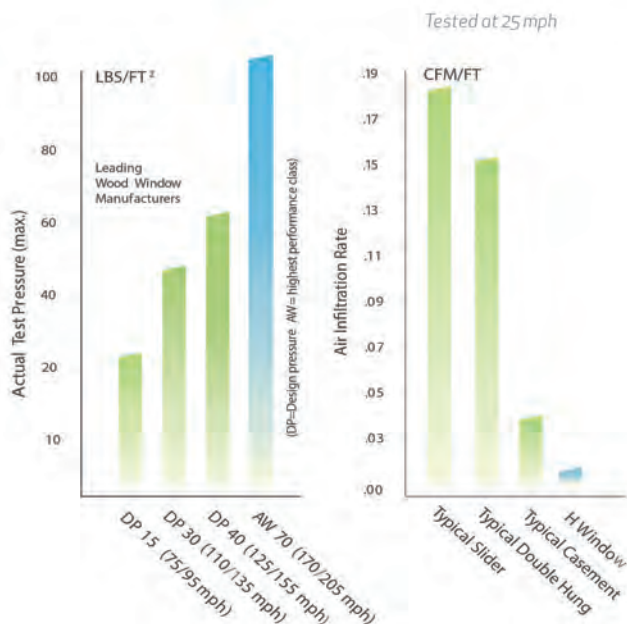

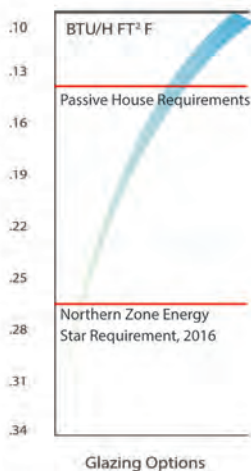

- Exterior finishes of super durable Powder coat, Anodizing & Kynar®. Wood grain finishes also available.
- Dry glaze system creates less stress on glass seal & allows for ease of glass replacement.
- Glazing system is vented and weeped to ensure dissipation of any moisture.

HIGHLIGHTS

- Engineered in Europe and Manufactured in the USA
- Fully reversible window system for easy cleaning and maintenance
- Some of the largest windows in the industry
- More colors, fine woods and glass choices
- Every size is standard, making it great for both new construction and remodel
- Superior Quality and Performance
- ADA Compliant Hardware Available
- Passive House Windows Available

The H Window outperforms the competition in total performance tests. No operable window seals tighter. The unique H Hinge design allows an uninterrupted perimeter seal. The harder the wind blows, the tighter the H Window becomes.

PROVEN QUALITY AND DURABILITY
COMBINED WITH SUPERIOR PERFORMANCE

Your windows stay as beautiful as the day you installed them, with minimal effort.

Elegant European designed H Windows are built in the USA for architects, builders and homeowners who demand the very best in quality, environmental and energy efficiency. This unique design will fit modern, historical, traditional or rustic designed homes. So sensible, so surprisingly simple, H Windows revolve a full 180 degrees for easy cleaning and maintenance without intruding into the room.

All over the world, sun pours through more than 20 million H Windows!

{ **BEAUTY** }

COMES STANDARD

WITH EVERY H WINDOW.

It's in the maintenance-free engineering, which
means fewer moving parts to deal with. And it's
in the monumental performance, with some of
the highest ratings in the industry.

For almost 60 years, we have been building beautiful custom-fit windows for buildings just like yours.
To bring the beauty of H Windows to your project, call (800) THE - HWAY.
